Update on discussion items from September

- D. Staudacher has connected with Dairyland Electric and they have mowed adjacent land parcel and will continue. Thank you!
- Legacy stones – Chairman Mataczynski will bring his skid steer and with help move the stones to the newly placed shed.
 - Taylor will try to place them before snow or next spring

Main item of discussion / Site changes – Informational get-together

- Ron Jiskra brought forth an idea of changes at the site for more parking.
- With the present plan there are only handicap designated areas for parking.
- New plan is to combine the pavilion/MIA - POW media center building and turn it to face east and west instead of north and south to provide 14 new parking spaces.
- New plan also calls for a second driveway which would allow for buses to enter and exit the site easier.
- Much discussion with the consensus of the group being that we will continue to discuss and after we have a concrete plan we will involve our engineer who will hopefully guide us in the right direction.
- There are some issues that may hinder the changes

Motion to adjourn – D. Staudacher / 2nd L. Capek – MC
